

Solutions by Garaventa Lift

Model: Elvoron Stella

Project Name: Anonymous

Location: Sydney, Australia

Installation Date: 2010

Description:

This powerful hydraulic residential elevator features fully automatic two-speed sliding elevator doors, beautiful maple veneer wall panels, sconce lighting and a control panel integrated in to the wall panel.

The Elvoron Stella is a luxury home elevator which utilizes the same heavy-duty lifting components as a small commercial elevator and has a car load capacity of 1400 lbs (636 kg).
