

Solutions by Garaventa Lift

Model: Genesis Opal

Project: Italian Arts Extravaganza

Location: Gladesville, Australia

Installation Date: 2012

Description:

Here is a Genesis Opal vertical lift installed at the entrance, beside the main stairway to the front door. The mast is tied back to the wall under the upper landing.

This Opal is also installed in a pit for level lower landing access. This is not permitted in some areas. Check with your local Garaventa Lift representative for details regarding code compliance for wheelchair lifts in your area.
