

Solutions by Garaventa Lift

Model: Genesis Opal

Project: Smash Burger

Location: Denver, Colorado

Installation Date: 2011

Description:

Another Garaventa Lift located along the popular 16th Street pedestrian mall in downtown Denver. In this case, a Genesis Opal lift is used.

This lift is equipped with a large size platform and a 90 degree on/off configuration. The upper gate features a power operator.

The wheelchair lift is two-tone: champagne anodized aluminum framing and satin gray sheet metal panels. Both were standard colors on the 2011 Opal.
