

# Solutions by Garaventa Lift

**Model:** Home Elevator

**Project Name:** Penbank Residence

**Location:** Melbourne, Australia

**Installation Date:** 2010

## **Description:**

This hydraulic home elevator features power door operators, power gate operators, an additional hand rail and recessed panel maple walls.

The owner has also opted for the popular option of clear acrylic gate panels. The view from inside the cab is further enhanced by the use of a landing door with a laminated safety glass panel.
