

Solutions by Garaventa Lift

Model: Elvoron LU/LA

Project Name: Station Avenue

Location: Darra, Australia

Installation Date: 2011

Description:

This is a Elvoron LU/LA elevator installed in a small commercial building to serve two floors. The wall panels are Cloud Nebula laminate with a black trim package

The sliding entrance doors are mild steel. They are supplied primered and ready to paint.

There is a custom secondary car operating panel shown, required for code compliance in Australia.
